SKILLS

Programming Languages
- HTML5, CSS3, Javascript
- Typescript

Frameworks
- ReactJS, NextJS

State Management
- Redux, Redux Toolkit

Libraries
- Axios, RTK Query, TailwindCSS, Bootstrap, MUI, Material Tailwind, Ant Design, FireBase, JWT...

Tools
- Git, Figma, Trello, Postman

Others
- Base english
- Team work
- UX/UI
- Responsive design
- Restful API

EDUCATION

FPT Polytechnic college Ho Chi Minh

09/2021 – 01/2024
Student majoring in website design
GPA: 3.6/4.0

SUMMARY

I am a front-end developer with **1 year** of experience in web development. My strengths lie in programming languages such as **JavaScript**, **TypeScript** and **ReactJs** library. Having a proactive attitude, team spirit, and an open, positive attitude.

WORK EXPERIENCE

Front end developer

FPT Polytechnic HCM   **April 2023 – Present**

- Analyze, design, and develop user interfaces, debug and maintain web applications.
- Worked well independently and within a team setting
- Working with technology platforms such as **ReactJS, Javascript, Typescript**, and accompanying libraries.
- Improving source code helps increase the performance of the web application by about 20% through optimizing the code, using some techniques to minimize the first page load time such as lazy loading, code splitting, memoization...

PROJECTS

FPT Polytechnic hands-on workshop

April 2023 – Present

Description:

- A large web system for managing projects of lecturers and helping students to register to participate in learning but in offline form and is being implemented nationwide (currently there are more than **20,000** users).

Role (Member):

- Build user interface, connect APIs from Back-end team, optimize source code and website performance.
- Perform some main functions such as authentication (JWT), notification (Real Time), set up API controller (Redux Toolkit), handle interface and logic of other functions of the website.

Technologies Used: ReactJS, ReduxToolkit, RTK Query, TailwindCSS, Material Tailwind, MUI, Ag-grid, Echarts, NestJS, MongoDB, Azure Server
Production link: [xuongthuchanh.poly.edu.vn](#)

Online Tickets Nevent

August 2023 – December 2023

Description:

- Management system, movie ticket sales, online event (Online QRCode ticket).

Role (Leader):

- Divide tasks for team members, design UX/UI, build user interface, setting up source code and install package libraries, connect APIs from Back-end team, optimize source code and website performance.
- Perform some main functions such as authentication (JWT), notification, set up API controller (Redux Toolkit), handle interface and logic of other functions of the website.

Technologies Used: ReactJS, Redux Toolkit, RTK Query, TailwindCSS, Material Tailwind, NestJS, MongoDB, Cloudinary, Azure Server
